ABOUT C7 INDUSTRIES

Northwest Arkansas

I'm Gabriel DeLaurie with C7 Industries LLC, an **FAA Part 107 certified** aerial photo and video service based in Northwest Arkansas. I work with agents and business owners on listing and marketing media — the packages on the previous page cover most of what people need, and anything custom is quoted on request.

WHAT A LISTING PACKAGE INCLUDES

- ▶ High-resolution **drone photos** and ground shots, sized and ready for MLS
- ▶ A short cinematic video of the property, **1:30–2:00** in length
- ▶ Everything delivered through a **private Google Drive link** — no account needed to view or download
- ▶ The finished **MP4 file is yours**, so you can upload it wherever you want

THE PART THAT SETS IT APART

Included at no extra cost

The finished video also goes up on the **C7 Industries YouTube channel** and **Facebook page**, and gets shared to my personal Facebook. Your name, brokerage, and contact information go in the description, so the listing reaches an audience beyond your own feed at no extra cost — and you get a clean link to drop into MLS, your website, or a social post.

Listing videos stay **unlisted until the property goes live** if you'd rather hold them. If there's anything you'd rather I keep off public channels entirely, just say so and I'll leave it out.

WHAT I NEED FROM YOU

To get started

FOR THE LISTING & VIDEO CREDITS

- ▶ The email address and phone number you want shown in the video description
- ▶ Your brokerage name exactly as you'd like it displayed — send a clean logo, or I can pull one from your website
- ▶ Property details to feature: address, price, MLS number, beds/ baths/ square footage, acreage, and any standout features worth calling out — shop, view, water, recent updates

FOR BILLING

- ▶ The email address and phone number for the invoice, if different from the contact above

TURNAROUND

- ▶ Standard delivery is 3–5 business days
- ▶ Rush 24–48 hour delivery available for +\$100
- ▶ Photo-only packages deliver in 48 hours
